

Social Goats Membership and Affiliate Plan

Membership Overview

Member: A member, or customer, is a monthly subscriber who pays a membership fee of \$24.95 for access to the content on the Social Goats platform.

What's Included?

- ✓ Unlock world-class knowledge in business, technology, AI, mindfulness, entertainment, and more—all for approximately \$1 a day.
 - ✓ Exclusive learning platform with high-value courses that would cost thousands if purchased individually.
 - ✓ Learn from industry experts, entrepreneurs, and top professionals to master essential skills for making money, building better habits, and creating a life you love—all for just \$24.95/month.
-

Affiliate Program

Affiliate: An Affiliate pays a \$4.95 monthly fee to enroll Members and other Affiliates into Social Goats. Affiliates are compensated through our Membership and Affiliate Plan.

💡 *Note:* An Affiliate is not required to be a Member. Affiliates do not have access to the content on the platform.

Why Become a Social Goats Affiliate?

💖 Social Goats is designed to be the simplest and most powerful way to make money online for both ordinary individuals and Content Creators & Influencers.

💰 How Do You Make Money?

Tier 1 Earnings

- 🎯 Earn \$5 per month for each personally enrolled Member or for each of your personally enrolled Affiliates who are also paid Members (Affiliate/Members).
- 🎯 To qualify for Tier 1 Earnings, you must have at least 1 personally enrolled Member or 1 personally enrolled Affiliate/Member.

💰 *Example:* If you personally enroll 1 Member or 1 Affiliate/Member per month for a year, you will have a total of 12 paid members on Tier 1 and earn \$60 per month.

$$12 \text{ Tier 1 Paid Members} \times \$5 = \$60 \text{ per month}$$

Tier 2 Earnings

- 🎯 Earn \$5 per month for every Tier 2 paid Member.
- 🎯 To qualify for Tier 2 earnings, you must have at least 2 personally enrolled Members or 2 personally enrolled Affiliate/Members.

💰 *Example:* If you have 12 personally enrolled Affiliate/Members, and they each enroll 12 Members or Affiliate/Members, you will earn \$720 per month from Tier 2.

$$12 \text{ Tier 1} \times 12 \text{ Tier 2} \times \$5 = \$720 \text{ per month}$$

💰 *Total Tier 1 and Tier 2 Income:* \$60 + \$720 = **\$780 per month**

20% Influencer Bonus

✨ If you have any combination of 10+ personally enrolled Members or personally enrolled Affiliate/Members, you qualify for a **20% monthly bonus** on each of your personally enrolled Affiliates' Tier 1 and Tier 2 earnings (not including their Influencer Bonus). This is a 20% bonus on all of the paid members on your Tier 2 and Tier 3.

 *Example:* In this example, if you have 12 Tier 1 Affiliate/Members, who enroll 12 Tier 2 Affiliate/Members, who in turn enroll 12 Affiliate Members, you would have 12 personally enrolled Affiliate/Members earning \$780 per month.

12 Tier 1 Personally Enrolled Affiliate/Members x \$780 = \$9360 x 20% Bonus = \$1872 per month

Total Affiliate Earnings Breakdown

Tier	Earnings
 Tier 1	\$60/mo
 Tier 2	\$720/mo
 20% Influencer Bonus	\$1872/mo
 Total Potential Earnings	\$2652/mo

Income Disclaimer/Disclosure

The Social Goats Affiliate Plan is an exciting opportunity that rewards you for utilizing our platform to connect Members to Social Goats and for sponsoring other Affiliates who do the same.

 *Results are never guaranteed* and vary based on market conditions, commitment levels, time availability, resources, and individual skills.

 *Since Social Goats has recently launched*, there is insufficient statistical data to prepare reliable income disclosures. However, Social Goats will publish an income disclosure as soon as sufficient data becomes available.

 *Any financial examples presented are hypothetical and illustrative* and should not be considered guarantees or expectations of actual earnings. Individual results will vary.

 *If income projections were presented to you prior to enrollment*, those projections are not necessarily representative of actual earnings. Business endeavors carry risks, and some participants may not earn income despite effort, time, and investment.
